

# LullaParty!

Birthday Party Packages

# Birthdays

**All birthdays are special, but the first few often take the cake. It's a time to celebrate the miracle of birth as your little one shifts from months to years - a special day to revel in your child's astounding development and growth over the last year.**

**But it's also your milestone too. You've helped your little one become the person they are today. As you watch their personality blossom, you start imagining the person they will grow to be!**

**We want to help you celebrate this day in a magical way that your baby will love just as much as you!**

# Get ready for an adventure!

**Our parties have been specially designed for babies & toddlers. We'll host our fun adventures from the comfort of your home or any venue.**

**Whether your party is full of family & friends or lots of little ones, our Lullaland entertainers will get the balance just right to ensure everyone has a great time!**

**Party sessions are full of excitement and fun for everyone, with bubbles, puppet friends, dress-up, parachutes, LED lights, imaginative play, singing and dancing, all set to our favorite Lullahits!**
